LG Chamber To Sponsor Contest

The Lemon Grove Chamber of Commerce will sponsor a home decorating contest this Christmas season.

The Chamber voted at Tuesday noon's meeting at El Morocco Restaurant to sponsor the contest. The types of awards to be presented will be decided at a meeting Nov. 8.

Dr. Sam Smith, president, is chairman of the home decorating committee. Other committee members are James Dorman, Sam Pernicano, Cliff Clark and Steve Tallion.

In other business the Chamber voted to purchase a membership in the Old Time Days Association and accepted Dick Bada of Dick's Kar Kleen as a new member.

Dedication Planned For Campground

Dedication ceremonies are planned by San Diego County Council of Camp Fire Girls for Sunday at the council's most recent camping development, Camp Valhilo, near Poway. Members will dedicate the primitive campground in memory of the late Mrs. William H. (Lois-B.) Johnson, Lawrence Hoskins, council camping chairman said.

Mrs. Johnson was instrumental in the council's acquisition of the first acreage at the primitive camping site, Hoskins explained. The 80-acre site lies due east of Rancho Bernardo off Espola Road. The property will be used for council members who have a good background in group camping and are ready for a primitive camp experience. Picnic areas will also be developed so that younger members of the program will be able to see Valhilo and look forward to using it as they progress through the Camp Fire Girls program.

San Diego Women to Protest Cost of Living Increases

Several hundred women from the San Diego area will stage a public demonstration in downtown San Diego at 10 a.m. Friday to protest the skyrocketing cost of living.

The group called W.O.W. (Women on the Warpath) is headed by Mrs. Doris McKinney, a National City housewife, and Mrs. Phyllis Ketcham, a La Mesa housewife.

They said today that a campaign is under way to enlist 1,000 women for the march that will begin at Horton Plaza and proceed east on Broadway, then south to the Central Post Office on E. St.

"We're protesting the economic chaos that has spread across the nation," Mrs. McKinney said. "Our family budgets can no longer afford the spending sprees that have

resulted in inflation."

"We want bread and butter, not high-price baloney," Mrs. McKinney added. "Our government isn't living within a budget. It has apparently forgotten that families across the nation have to live within budgets."

The co-chairman said the parade will include, in addition to marchers, the Mickie Finn fire truck and a bandwagon with a live band.

Mrs. Ketcham said several groups across the nation are protesting the rising cost of living.

"Marches have been staged in such cities as Denver, Phoenix, and San Francisco," she said. "Something has to be done about it here, too. But this is more than a march. We're going after some answers to this problem."

Mrs. McKinney said that Lt. Gov. Glenn Anderson said in Sacramento last week that most supermarkets operate on thin profit margins and are not directly to blame for the rising food costs.

"If higher prices are being forced on the supermarkets, what is the answer?" she said. "Who is responsible and how can this trend be stopped? We'd like some answers to these questions."

Van Deerlin Here Friday for Men's Club

Lionel Van Deerlin, who is seeking reelection as Congressman from the 37th Congressional District, will give

Van Deerlin

"A Washington Report" at the noon luncheon-meeting of the Lemon Grove Men's Club Friday in Brunswick Bowlero.

Van Deerlin, a Democrat, is opposed by Republican Sam Vener.

Last Friday Paul Sutherland, Republican candidate for the 77th Assembly District seat in the California legislature, spoke to the club about

"The Need for Tax Reform is Now."

He said in the last eight years (during the Brown administration) taxes have gone up 87.3 per cent while the population has increased by only 27.8 per cent. "In 1959 the Democratic majority passed the largest tax increase ever in the history of any state," Sutherland said.

"We have the highest state and local taxes of any state in the nation. It costs you and I more to live here than anywhere else in the nation."

"As taxes are higher, industry moves out and more people go on welfare, increasing the taxes. It is a cycle we're in. The tax picture is keeping us from a boom."

Sutherland said California ranks first in population and ninth in new plant locations. He said a prime reason for California's lagging behind in new industry was the inventory tax.

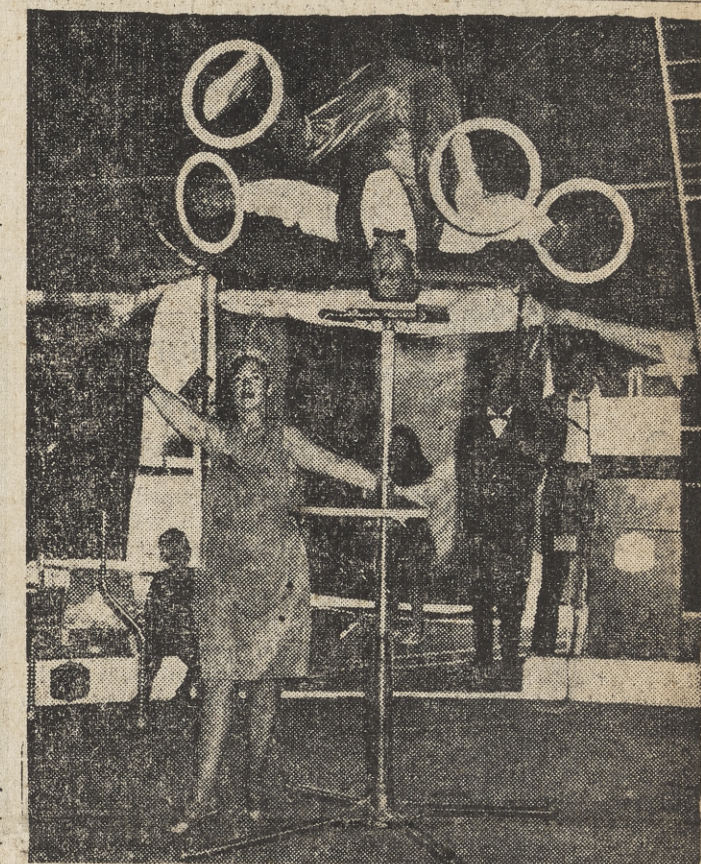

The San Diego businessman also said personal income in California has risen 5.6 per cent during the Brown administration while the national figure is 7.1 per cent. "This is significant because it shows we are not keeping up with the national average," Sutherland said.

On welfare Sutherland had this to say: "Welfare has been the fastest growing industry. In San Diego County alone it has grown 43 per cent in the last five years. We are spending more on welfare than on education. This business of having people on the welfare rolls as a way of life has got to be curtailed."

Temp Soars, Humidity Drops

The high temperature, which has been steadily rising during the past week, hit a high of 97 degrees Tuesday in Lemon Grove. The overnight low was 56 degrees.

Monday's temperature of 90 degrees was two degrees lower than Sunday's high mark of 92. Saturday's high was 79. The humidity was below the 15 per cent mark.

CIRCUS TIME — The Big John Strong Circus will appear in Lemon Grove under the sponsorship of the Chamber of Commerce Nov. 11. The circus will present shows at 2, 4 and 6 p.m. under the big top in the Mayfair Market parking lot. Pictured above are two of the circus' top performers, John and Joan Jessick. Tickets are available through area merchants.

Slow Drivers Create Traffic Hazard

The California Highway Patrol is continuing its efforts to eliminate the hazards caused by slow drivers who dawdle along in the fast lanes of multilane highways.

California law states that anyone driving on the highway at a speed less than the normal flow of traffic must drive in the right-hand lane or as close as possible to the right-hand edge of the road.

"Slow drivers must realize that if they do not move with the flow of traffic they create a driving hazard," Patrol Commissioner Bradford M. Crittenden said. "And, the slow driver leaves his own safety in the hands of the driver approaching from the rear at a higher speed. That driver must make an accurate judgment of the speed of the slow driver and decide whether to slow down or pass. The slow driver also causes irritation in the driver moving faster and may cause that driver to make a hasty move that could lead to an accident."

The Patrol has increased its

arrests for violations of this law by 82% this year. This percentage is based on a comparison of the five months from April through August 1966 with the same period in 1965. In 1965, 5,626 citations were issued and in 1966 there were 10,257 issued.

Veterans Day To be Marked

A proclamation, signed by the City of La Mesa's Mayor, Ray W. Fellows, called upon citizens to observe Veterans Day Nov. 11.

He cited the men and women who have served in the uniform of this country as having contributed greatly to preservation of America's freedom.

He urged all citizens to observe Veterans Day by displaying the flag and participate in ceremonies.

A Birthday Ball to celebrate the 191st Anniversary of the Marine Corps is scheduled Nov. 10 in El Cajon by the 4th Tank Battalion of Marine Reservists.

The Birthday Ball, open to all reserve, active, retired and former Marines, will be held from 8 p.m. to 1 a.m. at the Elks Lodge, Jamacha and Washington.

A former commander of the host battalion, Col. Gerald D. Schmidt, USMCR, will be guest of honor and participate in the cutting of the 150-pound Birthday cake at about 9 p.m.

The Confraternity of Christian Doctrine and The Parent's Guild of St. John of the Cross Parish will sponsor a roast turkey dinner Nov. 13 from 1-6 p.m. in the Parish Hall, Washington and Imperial, Lemon Grove.

Peter Coriario, general chairman, indicated proceeds will aid the children of the parish school and public school children of the parish. A number of door prizes, including a color television set, will be given away. The winner need not be present.

Leukemia Victim to be Aided

Contests, Prizes Readied For Steve Veliquette Fund

The pilot committee for Steve Veliquette's Leukemia Fund has set Saturday December 3 as "L" Day.

"L", of course, is the sinister leukemia from which Steve is suffering. Steve is the 6-year old son of Mr. and Mrs. Jean P. Veliquette, of 2895 Orange Pl., Lemon Grove. Steve has had leukemia for the past 2½ years and his doctor has performed a medical miracle by keeping him active during this period.

Steve's father is a clerk at the L.G. Post Office. He also works at a service station during off hours to help meet the cost of Steve's ailment.

A volunteer group has been supplying about \$200 a month to defray the cost of Steve's medication. Steve's sister, Jeanne Lou, teaches baton twirling to her Mt. Miguel classmates to help bridge the growing gap between family income and medical costs.

On Steve's Leukemia Day, hundreds of local residents are expected to gather at a day-long event at Len's Miniature Golf Course, at School Ln. and Lincoln where major and minor prizes will be awarded every half hour starting at 10 a.m.

The Rev. Jimmy Johnson, assistant pastor of the Skyline Methodist church, who is chairman of the project for the Kiwanis Club, said thousands of numbered free tickets would be distributed by school youngsters. These tickets will have a dual purpose, he said.

"Tickets will be good for playing golf free. Low hole and low score prizes will be awarded every hour with a new contest starting on the hour. We encourage youngsters to play from 10 a.m. until 6 p.m. After that adults and young adults are invited to compete," he said.

Tickets Free
Meanwhile, those who do not wish to play golf may drop a numbered half of his ticket in a container at the golf course. Every hour on the half hour door prize winners will be announced. A new contest starts every hour. It will not be necessary for any con-

tant to wait longer than an hour to learn what he has won. The tickets and golf are free. Lemon Grove business firms are providing prizes and a list of these will be published in this column next week. While no charge will be made for entering either contest, boxes will be available so that contributions may be made for Steve's medical expenses, should the contestant wish. Contestants may enter as many events as they wish.

Contributions are already being made, according to Bob Dryden, manager of the U.S. National Bank in Lemon Grove. Contributions may be made with Dryden during bank hours. A list of these contributors will also be published.

Len Farness, operator of Brumley's Shoes, who is a co-chairman for the project, together with Dr. Vernon Officer, president of the Kiwanis Club, Max Goodwin, publisher of this newspaper, and Mr. Johnson, jointly said that an attempt is being made to obtain free candy, ice cream, and milk. If any merchandise is sold, they agreed, all of the sale price will be contributed to the fund.

An enlarged committee is being named among Kiwanians and this committee will work out the operating details, Mr. Johnson said.

Photos of Steve for publication purposes are being supplied by the John Neal Studio in La Mesa.

A Guide on 16 Propositions

At this election the Propositions are simpler. A "yes" vote means "yes" and a "no" vote is a ballot against the Proposition. In former elections the opposite was sometimes true.

Even the issues are more understandable. Almost anyone can come up with a determination on each of the 16 Propositions.

We urge voters to study the Propositions and come to self-made decisions. Understandable material is in your hands now. Arguments for and against each Proposition were included with your sample ballot. Read them!

For those who have read them and still need guidance, we offer our selections:

- Prop. 1-A—Revise and Simplify the Constitution—Yes.
1—Invest Public Retirement Funds—Yes
2—\$230 Million College Bond Issue—Yes
3—Open Space Reservation—No
4—Reduce From 66% to 60% Approval on Some Bonds—No
5—Disaster Tax Relief—No.
6—Additional Legislation Sessions—Yes
7—Let County Officer Fix Own Salaries—No
8—Expands Taxes on Insurance Company Holdings—Yes
9—Blind Vets Additional Exemptions—Yes
10—Interest Free Public Funds Loans—No
11—Permits Changes, if Needed, in Boxing and Wrestling Control—Yes
12—Creates Assessment Appeals Board—Yes
13—Delete Section that Would Harass Property Tax Payers—Yes
14—Align State Income Tax Reporting and Collection Laws with Federal Laws—Yes
15—Deletes Literacy as a Voting Requirement—No
16—Censorship Disguised as an Anti-Obenity Law—No.

For those who need guidance to choose the better candidate, we offer this list.

- For Governor No choice
Lt. Governor Robert Finch (R)
Secty State N. A. Schlei (D)
Controller Alan Cranston (D)
Treasurer No Choice
Atty General Spencer Williams (R)
Bd Equalization R. Nevins (D)
Congress S. Vener (R)
State Senate C. Burgener (R)
Assembly P. Sutherland (R)

In the Judicial election only one name is presented for each vacancy. This does not constitute a race. Because voters are denied a choice, we recommend a "no" vote where the candidate is not known to the voter in the hope that the judiciary will some day get the message that a cut-and-dried election is not popular.

TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Colossians 3:12-17

Put on the new nature, created after the likeness of God in true righteousness and holiness. (Ephesians 4:24, RV)

Nowadays one often hears the use of the term "public image." Public relations departments are granted ever-increasing budgets to develop the proper image. Business is very much concerned. Even countries want to create a favorable impression overseas. It is a matter of constant effort.

Everyone, however, would agree that if a favorable public image is to last, there must be a direct relationship between the image and the quality of the product. For example, when the quality of a manufactured article declines, the public immediately registers a complaint and the sales drop.

As Christians, we are commissioned to be faithful ambassadors of Christ. When we within the church fail to live up to the demands of our faith, those outside the church soon realize that there is too little relation between us and the ideals we profess. Representing Christ is a challenge which demands that in thought, word, and deed, we portray His likeness. It demands that we constantly probe our conscience and measure ourselves by His teachings.

Prayer: Help us, O God, to avoid hypocrisy as we dedicate ourselves to Thee and Thy purpose for us. Give us the power to accomplish the task Thou hast assigned us. In the name of Christ, Amen.

Thought for the day: How much of a Christian representative am I?

'Adam and Fallen Man' To be Read Sunday

Isaiah's prophecy concerning the mission of Christ, Jesus is a part of the Christian Science Lesson-Sermon on "Adam and Fallen Man" to be read in all Christian Science churches this Sunday: "The Spirit of the Lord is upon me; because the Lord hath anointed me to preach good tidings unto the meek; he hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound."
Correlative readings from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include: "Through discernment of the spiritual opposite of materiality, even the way through Christ, Truth, man will reopen with the key of divine Science the gates of Paradise which human beliefs have closed, and will find himself unfallen, upright, pure, and free, not needing to consult almanacs for the probabilities either of his life or of the weather, not needing to study brainology to learn how much of a man he is."

I have fought hard to keep costs down, yet provide all the services that a hospital such as ours must offer."

Man Pleads Guilty to Burglary

James Anthony Colgain, 22, of El Cajon, charged with the Aug. 26 burglary of Mack Auto Wrecking, 7350 Imperial, Lemon Grove, pleaded guilty in Superior Court and asked for an early probation hearing.

Peace Corps Testing Set For Nov. 12

Spring Valley-Lemon Grove area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps placement test at 9 a.m. Nov. 12, at room 219 of the Post Office building in San Diego, 815 E. St.

The Peace Corps uses the placement test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. (If test scores indicate a limited language-learning ability, for example, the Peace Corps tries to place the applicant in an English-speaking country.) The placement test requires no preparation and is non-competitive—an applicant can neither pass nor fail.

The application form, not the placement test, is the most important factor in the selection of Volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D.C. 20525. The placement test takes about an hour and a half.

Questions to be discussed will be, "Should the federal government offer financial incentives to private industry to reduce their water 'pollution'?" and "Should federal financial help be given to all companies?"

The public is invited to attend. Hostesses are: Nov. 9, 9:30 a.m., at 1702 Vann Ct., El Cajon, Mrs. V. S. Moore; Nov. 9, 9:30 a.m., at 5360 Valle Vista, La Mesa, Mrs. R. W. Aztecs Seek Number One

San Diego State College will play its most important football game ever in the school's history this Saturday night when it hosts the nation's number one ranked college division team, North Dakota State University, in Balboa Stadium.

The Aztecs are ranked number two and a victory would insure them of the nation's top small college position.

San Diego State whipped Fresno State, 34-13, last Saturday to all but wrap up the California Collegiate Athletic Association crown. At the same time North Dakota State was downing South Dakota, 13-0.

Other Aztecs wins this year have come over Mexico Poly, 45-0; Long Beach State, 21-18; Weber State, 38-34; Cal Poly (SLO), 14-13; and San Jose State, 25-0.

Mt. Miguel Title Hopes Crushed by Grossmont

by Ben Sele

Mount Miguel High School's football team, its Grossmont League title hopes through for 1966, will visit weak El Cajon Valley High this Friday night for an 8 p.m. contest in Valley Stadium.

The Matadors saw their chances for a league championship end last Friday night when they blew a 14-7 lead, allowing Grossmont High's undefeated Foothillers to rally for a 27-14 victory.

In that game Grossmont took a 7-0 lead on a TD run by Dennis Sutton for 12 yards before Miguel tied it in the second period on a one-yard drive by Tom Van Zant.

The Matadors went ahead in the third period when quarterback Jerry Lowery scored from the three. Both Miguel point after touchdowns were accomplished by Jim Murguia runs.

Then the Foothillers came to life. Four plays after the second Matador touchdown Lucky Fleming, Hiller halfback, tallied from 29 yards out. Fleming's PAT kicked tied the score.

The Hillers forced the Matadors to punt during the next series and Grossmont took nine plays to score with Sutton hauling in a 12 yard pass

from senior quarterback Brian Sipe.

Matador's Fumble

The next play from scrimmage saw Miguel fumble with Grossmont recovering on the Matador 37. Seven plays later Sutton scored from the two and it was all over for Mount Miguel. The last three Grossmont touchdowns came within a seven minute period.

The loss evened Mount Miguel's league record at 2-2 and placed its overall mark at 3-2. Grossmont is 4-0 and 5-0 for the season and will meet Helix this Friday for the loop title.

El Cajon lost its sixth straight season encounter last weekend to Santana, 27-14.

MV Harriers Retain Undefeated Record

With its first six runners crossing the finish line together Monte Vista High's Monarchs remained undefeated in the prep cross country ranks Tuesday with a 15-50 victory over Mount Miguel's Matadors.

Don Olsen, Dave Matheny, Rodney Stephens, Danny Ungert, Mark Clark and Dave Carter finished in a six-way tie for first place in 9:30 on the Mount Miguel course.

Seventh place was taken by Brent Wilson of Monte Vista with Mount Miguel's Roger Drummond, Marshall Blakesley and Bradley Hill sweeping the next three positions.

In the junior varsity race

Monte Vista's Danny Matheny paced his club to a 15-50 win. Mount Miguel won the freshman race, 27-29, with the Matadors' Lex Nelson first.

Both Monte Vista and Mount Miguel will be entered in the Aztec Invitational Friday at San Diego State College.

In last weekend's Mount San Antonio Invitational Cross Country Race at Walnut, Calif. Monte Vista's varsity, led by the second place finish of Olsen, took its race with a combined five-man total of 40 points. Second place Valencia of Los Angeles was far back with 114 points. The Monarchs' combined times of 53:03 broke the old existing meet record. However, Westminster of Los Angeles snapped the Monarchs' short-lived mark later in the day.

The Monte Vista jayvees took five of the first seven places in their race to score a low of 22 points and set a new jayvee race time record of 57:14. The old mark was 57:45. Mount Miguel was second in that race. Top Monarch individual finisher was Larry Skeels' second place.

Monte Vista's sophomores were second and freshmen fifth in their respective races.

The Chargers at 5-2 are one-half game back of the Chiefs (6-2) Kansas City won an exhibition contest between the two clubs in the pre-season, 31-21.

Kansas City bombed Houston's Oilers, 48-23, in last weekend's action.

Monarchs Win in League

Grid Success Enhances Homecoming at Monte Vista

Homecoming will be different this year at Monte Vista High School.

In the past years, six to be exact, the annual celebration generally took on a dismal note as it revolved around football, something the Monarchs were not very adept at. The alumni could expect to see their Monarchs lose.

That scene has changed Alumni returns this Friday night when the Monte Vistas play Santana High at Mount Miguel Stadium will see a club that dumped El Capitan's Vaqueros, 26-7, last Friday to win its first Grossmont League game ever in six years of trying.

Actually the Monarchs had been coming close to victory all season, holding unbeaten Grossmont to a 14-6 decision among others, but they still had not cracked that elusive win column.

Defense Shines

But last Friday night at Miguel Stadium coach Max Mc-

Cartney's athletes played "heads-up" defense, bottling up the Vaquero attack for three periods, while the offense scored three times in the first half to insure the biggest football victory in the school's history.

Fresno Driver Wins at Speedway

Al Pombo of Fresno, Calif. captured the Southwestern International Modified Championships at Cajon Speedway last Saturday night.

Pombo, in winning, established a new track record of 14:55.03 for 50 laps. He passed all but four cars in the main event field. The Fresnoan also took fast time and second elimination wins.

Lee Robison of Spring Valley won first elimination and was in third position at the 28th lap when he looked up with Don Ray in the north turn, causing his car to be out for five laps. Ray was eliminated entirely.

1966 San Diego Racing Association champion Jack Clegg was third. Second place overall went to Don Edmunds of Anaheim.

The Monarchs' touchdowns came on touchdown passes of one and 46 yards to split end Rick Aylward and one and 22 yard runs by halfback Maughn Kent. Chuck Downing, junior quarterback, threw both TD passes and scored an extra point on a run. Aylward added the other point-after-touchdown via a pass from Downing.

El Capitan's lone score was posted by back Fred Hight.

Streak Broken

The win was the first of the season for Monte Vista and broke a 12-game losing streak dating back to last season's opening game win over Mission Bay. Monte Vista now is 1-4 on the season.

Santana, this weekend's Monarch opponent, downed El Cajon, 27-14, for its second league victory against a like number of losses.

This Friday's homecoming activities at the school will begin with an alumni tea at 2 p.m. in the school gym.

The evening's program will start with a parade at 7:30 at the stadium followed by the first half of grid action at 8.

The homecoming queen will be announced at halftime. Candidates are Mary Lou Jones, Debby Chapman, Barbara Schlichte, Ammy Trauscht and Angela Vande Venter. Margie Withey, foreign exchange student from South Africa, is the honorary princess.

Vote For PAUL SUTHERLAND

The **COMMON-SENSE** Candidate For **77th Assembly District**

PAUL SUTHERLAND is a go-getter! He will energetically and forcefully represent the voters of the 77th District and work for what is good for ALL San Diego County.

PAUL SUTHERLAND continues his fight to eliminate the availability of obscene literature from our youth.

For the past year, PAUL SUTHERLAND has been actively working with the Obscenity Control Council, a group formed to create an awareness of the dangers of obscene material and to prevent its sale on open newsstands to our young people. The past two democratic controlled legislatures have refused to enact any meaningful legislation which would help control the problem of obscene materials.

SUTHERLAND Says THE TIME FOR TAX REFORM IS NOW!

SUTHERLAND'S Background

- ★ A 38-year resident of San Diego County, Paul Sutherland is 43 years old.
- ★ Educated in the San Diego School system.
- ★ Attended San Diego State College, California State Polytechnic College, and the University of Southern California.
- ★ He served as a Coast Guardsman in the North Atlantic during World War II and in North Africa during the invasion of that area.
- ★ Paul has owned and operated a system of parking lots, garages and car washes throughout San Diego County for the past 18 years.
- ★ Sutherland is on the Board of Trustees in his church, was a member of the executive committee for the Billy Graham Crusade, and is a member of the board of directors for Youth for Christ, the Christian Sunday School Bus Committee and radio station KBBW.

As a businessman, PAUL SUTHERLAND understands the inequity of heavy taxes placed on the wage-earner, the businessman and the property owner. He pledges reductions through revisions in our state tax structure.

SUTHERLAND charges the present Democratic State Legislature as the worst in the history of the State, for the following reasons . . .

1. Highest per capita Taxes in the nation!
2. Highest amount of unemployed in the nation.
3. Highest crime rate in the nation.
4. No effective state law to control obscene material.
5. Gross waste and duplications in State government.
6. The worst riots in our State's history (Berkeley and Watts).

California is Spending Itself into Bankruptcy!

With our democrat Governor and a democrat controlled state, spending has gone up 102%, taxes collected have gone up 87%. All this tremendous increase has taken place while the population has risen only 28%. Obviously, something is radically wrong.

(Continued)

The Hon. James B. Utt, a Republican member of the House of Representatives, read a frightening report into the Congressional Record a few days ago.

He was reporting on an Air Force Officer's letter to the editor of AVIATION WEEK & SPACE TECHNOLOGY. The pilot says people at home are being fed lies about bombing and strafing missions.

There is a shortage on munitions, he said. In spite of Secretary McNamara's assurance that none exists. Fighter squadrons have had an authorized monthly expenditure of 80,000 rounds of 20 mm. high explosive incendiary shells. 100 F-100 sorties uses up that much ammo in a week based on 15 sorties a day. Pilots are briefed to conserve these shells because of shortages.

There are no 750 pound general purpose bombs. Pilots are asked to hit a target less than 33 feet from a center-point because they are issued 250 pounders. The 250 merely digs a hole. The 750 will blast out the target area.

What does all of this cost?

Pilots are sent out on missions that are reported to the press as "structures destroyed." A structure is a straw thatched hut worth \$20. Boats destroyed may be a one-man dugout or a slightly larger sampan. Bridges usually a couple of logs across a stream, cost only the sweat to fell a few trees; Pack animals means a water buffalo, a cow, a goat, or even a pig. Value? \$100 at the most, and a VC soldier—two days of training plus a solution to the population problem.

To send American pilots out on multiple sorties with a shortage of munitions is foolish economy. If a sortie does \$500 in damage it is a good run.

The cost is \$300 for napalm, and standard bombs; \$2.45 a sortie; \$2 1/2 millions for every F-100 lost, plus the cost of the shot for 20-mm rounds; 1,800 gallons of aircraft fuel per pilot's life, (an irreplaceable asset in the Christian sense) two years of training and a \$500,000 investment.

So the keynote is safety. Pilots are briefed to bomb from higher up, make fewer passes, drop all bombs at once and back off. Consequently, the targets are frequently missed and the sortie has to be made over.

The name of the pilot was withheld for the obvious reason but his story, if true, lends a greater feeling of frustration to a war that has already frustrated Americans into a sense of futility.

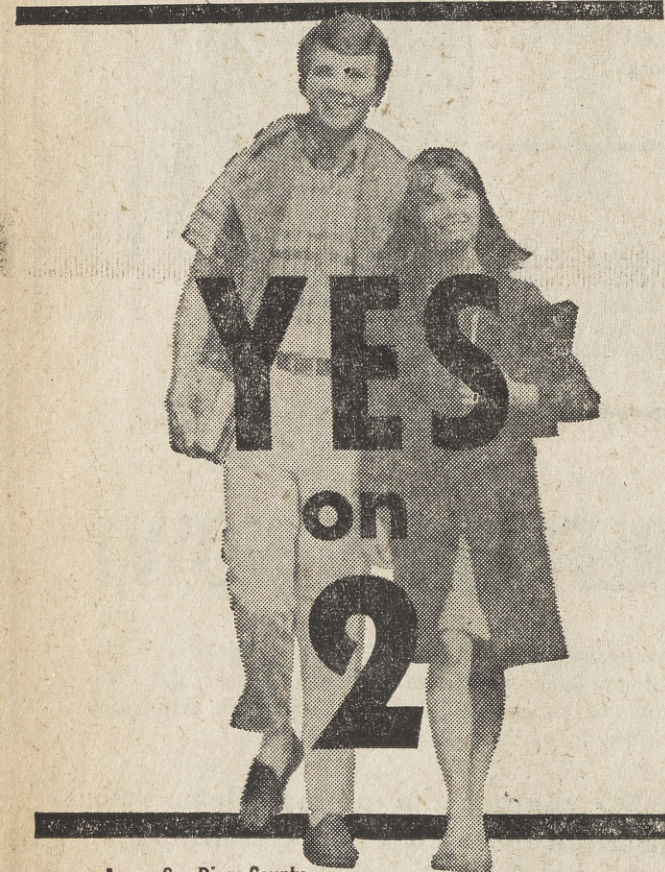

Americans are brave warriors. Fighting for anything less than destroying the enemy and winning is not easily understood.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

The Spanish word "portero" looks much like our English word "porter." As a matter of fact, they have the same meaning. While traveling on the train in Mexico, you may wish to call the "portero" (pohr-TEH-roh).

One of the jobs of the "portero" on the "tren" (train) is to make the "camas" (beds). So, if you wish to have the "portero" make your "cama," then you would say "Portero, la cama, por favor." for "Porter, the bed, please."

Our readers will have many opportunities to practice these words and expressions when they join the Mexico Christmas Train Tour scheduled for departure on 23 December 1966. They will spend seventeen days of visiting cities like Guadalajara, Mexico City, Cuernavaca and Taxco. Itineraries and reservation information about the tour will be sent to interested readers who call 276-5805.

Following this column offers our readers an advantage of being able to practice Spanish from their home telephone. Read over the expressions below.

low. Try to say them aloud from the written phonetic guide after each phrase. Then dial 276-2762 on your telephone to hear the words and phrases said in Spanish by a two minute recording.

Readers are invited to participate by repeating the words and phrases aloud during the pauses provided. Try it now. The number again is 276-2762.

Important Expressions

for "I want to eat."

Travel Expressions

Say "El tren va." (ehl TREHN vah)

for "The train is going."

Say "A Mexico." (ah MEH-hep-koh)

for "To Mexico."

Demos for Sutherland Attack Governor Brown

The "Democrats for Paul Sutherland Committee" held a testimonial dinner for Sutherland at Rubio's Restaurant, 725 W. 18 St., National City, Oct. 28.

The committee chairman, Milton Vogel, reported "great progress is being made up and down the state by Democrats who will vote a protest vote against our party and its lack of leadership under Governor Brown."

Vogel stressed that "Governor Brown is the issue." He urged Democrats in the 77th Assembly District not only to vote for Ronald Reagan, but to also support Sutherland, the Republican candidate, to help Reagan to enact his programs for the 77th Assembly District.

Paul Sutherland spoke, thanking the workers for their efforts in his behalf. Sutherland said he agreed that Governor Brown was the issue. He also said that he believed "that Reagan would sweep many Republicans into office."

Sutherland said he was "very optimistic" about his chances on Nov. 8, saying "he was glad that his opponent has the stigma of the Brown political machine around his neck, that can't be of any help in this election."

Christmas Club Checks To be Distributed Here

One of the earliest and happiest harbingers of the Christmas season, Bank of America Christmas Club checks will be distributed to Lemon Grove-Spring Valley residents this year.

In making the announcement today, J. F. Cihak, manager of the Campo-Conrad Branch, said the local savers will be presenting themselves with a \$136,400.00 gift.

These local savings are part of \$81.7 million accumulated by more than 430,000 Christmas Club savers in Bank of America branches throughout California since last Christmas.

Cihak added that the money will be distributed in November in plenty of time for the holiday shopping season.

The \$81.7 million total in the thrift program's 43rd year of operation surpasses the record high established last year by \$1.4 million. This year's Christmas Club checks will average \$189.15, up from last year's \$184.85.
